

»Sect 28 CT«

Continuous high-volume portion cutter

The Sect 28 CT is the high performance product in the holac portion cutter range of products. With its high output and perfect cutting quality, it guarantees outstanding performance. Thanks to the integrated computer controls, the cutting speed and cutting thickness are infinitely adjustable. When it comes to sanitation, the Sect 28 CT is quick to disassemble and reassemble in just a few steps. The Sect 28 CT is developed for high performance portion cutting.

Product features:

- » Continuous product feed by infeed belt and downholder belt
- » Variable belt speed and slice thickness
- » Optional separation of cut slices
- » Smart-slice program (batching)
- » Quick, effective sanitation
- » Stable cut-off blade and blade scraper for a clean cut
- » Two-wing blade for higher capacity

*Accessories

CE All machines fulfil the strictest CE safety and hygiene regulations.

Technical specifications	Sect 28 CT	
Cuts (Single blade)/ minute	350/400	
Magazine W x H	264 x 160 mm	
Cutting thickness	1-30 mm	
Power supply	6,0 kW	
Weight	950 kg	
L x W x H	3.380 x 1.100 x 1.500 mm
